

Appointment Maker - Android Application

Name	- Appbsolute
By	- Satwik T Pai
For	- Department of Neurosurgery, KMC, Manipal
Tools used	- Android Studio, Firebase Firestore
Coded in	- Java

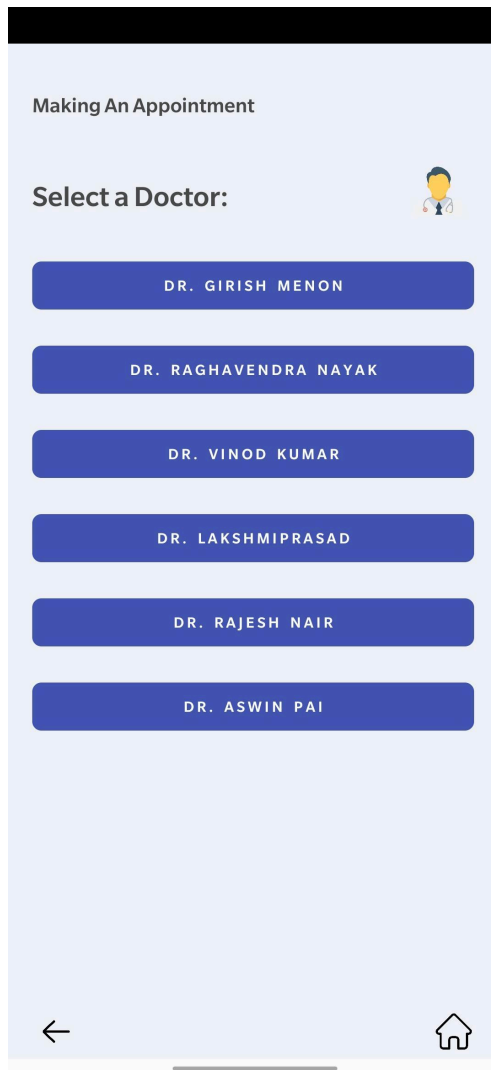

The following are some screenshots from the app:

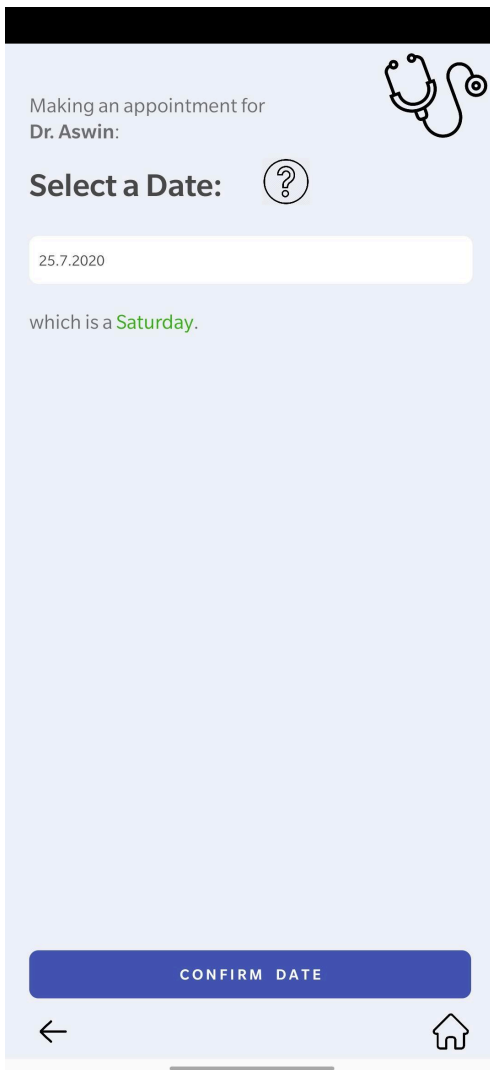

Login page.

Home page.

Making appointments for a Doctor.

The screenshot displays a mobile application interface for making an appointment. At the top, a black header bar is visible. Below it, the text "Making an appointment for Dr. Aswin:" is shown next to a stethoscope icon. A "Select a Date:" label is followed by a circular icon containing a question mark. A date input field displays "25.7.2020". Below the input field, the text "which is a Saturday." is shown, with "Saturday" in green. At the bottom, there is a blue button labeled "CONFIRM DATE". Below the button are two icons: a left-pointing arrow and a house icon.

Making an appointment for
Dr. Aswin:

Name
John Doe

Age
33

Sex
☒ Male ☐ Female ☐ Other

Phone Number
7904036777

Other Details
severe headaches

Hospital Number
gh55

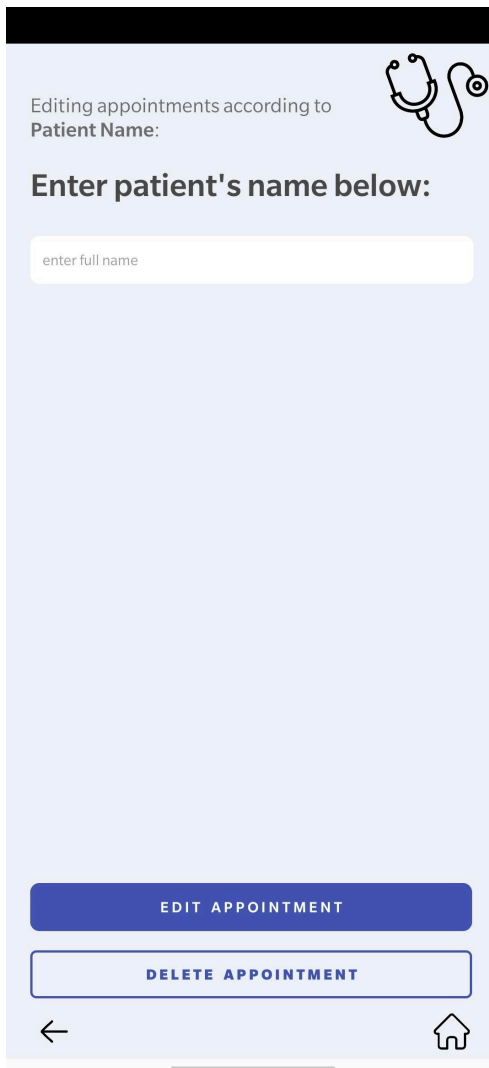

SUBMIT

Entering details of the patient to make the appointment.

If you wish to, you can also make an appointment for a specific diagnosis instead of doctor. This follows the same path as the path of making an appointment for a doctor.

The image shows a mobile application interface for editing an appointment. At the top, there is a black header bar. Below it, the text "Editing appointments according to Patient Name:" is displayed next to a stethoscope icon. A bold instruction "Enter patient's name below:" is followed by a text input field with the placeholder "enter full name". At the bottom, there are two buttons: a dark blue "EDIT APPOINTMENT" button and a light blue "DELETE APPOINTMENT" button. The bottom navigation bar includes a back arrow and a home icon.
